We would appreciate having this at your very earliest convenience.

Thanking you, we are,

Very truly yours,

One of the many developments of Earnhardt-Deming, Inc., of McAllen, Texas. Thousands of cars of golden grapefruit, oranges, lemons, tangerines and kumquats are produced and shipped to world markets every year from the famous Rio Grande Valley. Valley grapefruit is widely known for its high quality and delicious sweetness, requiring no sugar when served.

Beautiful palm-bordered concrete highways lead from town to town.

The Casa de Palmas Hotel of McAllen is a spot of beauty, exemplifying southern hospitality at its best. The City of Palms.

Budded citrus trees ready for planting within the next few months.

The school system of the Valley is modern and complete, ranging from grade schools to Junior College. Buildings are modern, spacious and beautiful. Picture shows two buildings in McAllen system.

THE MAGIC VALLEY

Abundance of water, temperance of climate, and an almost unbelievable fertility of soil form a combination that brought the Rio Grande Valley from an undeveloped wilderness of cactus, mesquite and chaparral to a veritable paradise in less than twenty years. Opportunities exist on every hand for those of industry and foresight. Thousands of visitors from the north have found a haven of heart's delight in this land of azure skies and balmy sunshine, and have returned to find happiness, contentment and prosperity in the "Magic Valley" of the Rio Grande Valley.
