NEWS RELEASE
March 26, 1974

WASHINGTON...REP. Kika de la Garza today announced that he had been informed by the Economic Development Administration of a grant for \$600,000.00 to the Military Highway Water Supply Corporation of Cameron County to install a potable water distribution facility to serve Cameron and Hidalgo Counties along the Military Highway.

Rep. de la Garza said this has been a long, hard road, many good people have worked on this project. I am happy to have been a party to this so needed and very worthwhile project. With the EDA grant, the Farmers Home Administration loan and the grant from Catholic Charities we should be well on the way to construction and hopefully very soon to the distribution of water to this area that so badly needs it.
