FROM: Kika de la Garza, M C

Washington, DC... The Farmers Home Administration has approved an additional loan of \$730,000 for the Military Highway Water Supply Corporation to supplement an earlier loan and grant, Rep Kika de la Garza announced today.

de la Garza said the additional loan supplements a loan of \$1,160,000 and grant of \$690,000 approved last year for the rural water system along Military Highway between Mission and Brownsville.

The South Texan said the Farmers Home Administration advised him the additional loan will allow for recent increases in cost estimates and service connections in rural communities of the area. The water system will serve an estimated 1,850 homes and other connections in the designated areas.

de la Garza has been working on completion of this project for many years. The additional loan will insure that action, he said.
